7 Example / Exemple : From 1.1.2017

Regional Customs Directorate /
Direction Regionale de Douane
Identification number of customs office /
Numero d'identification du bureau de douane

The name of the Regional Customs Directorate and the identification number will vary.
Le nom de la Direction Regionale des Douanes et le Numero d'identification varient.

The characteristics of the new stamp are:

- Shape: ellipse with dimension of 55mm x 35 mm.
- Central date with the following "data format": DD MMYYYY.
- On the top of the stamp, above the date, is written ROMANIA, between stars; under ROMANIA is written VAMA (which means CUSTOMS).
- On the bottom of the stamp, under the date is written the name of the regional customs directorate, followed by an identification number of the customs office (see list below).
- On the left side of the stamp is applied the logo of the Romanian customs administration.
- On the right side of the stamp is written the ISO code of Romania - RO

List of Regional Customs Directorates and Identification numbers as they appear on the stamps.
Liste des bureaux de Direction Regionale de Douane et Numéros d'identification tel qu'ils figurent dans les cachets.

N.B:
The results of verification will be communicated to the authorities in the requesting countries directly from the respective customs regions and not through the head office.
The customs regions will send their requests for verification directly to the competent authorities in the preference-receiving countries. The answers to those requests should be directed to the requesting customs region.

EXAMPLES / EXEMPLES :

The impression of the stamp will be in GREEN ink. /
Le cachet sera imprimé à l'encre VERTE
ONE or TWO lines identifying the issuing Customs Office will be shown at the bottom of the stamps. /
UNE ou DEUX lignes identifiant le Bureau de douane certificateur figureront au bas des cachets
